1. Context diagrams

1.1. Banca OnLine - Contexto

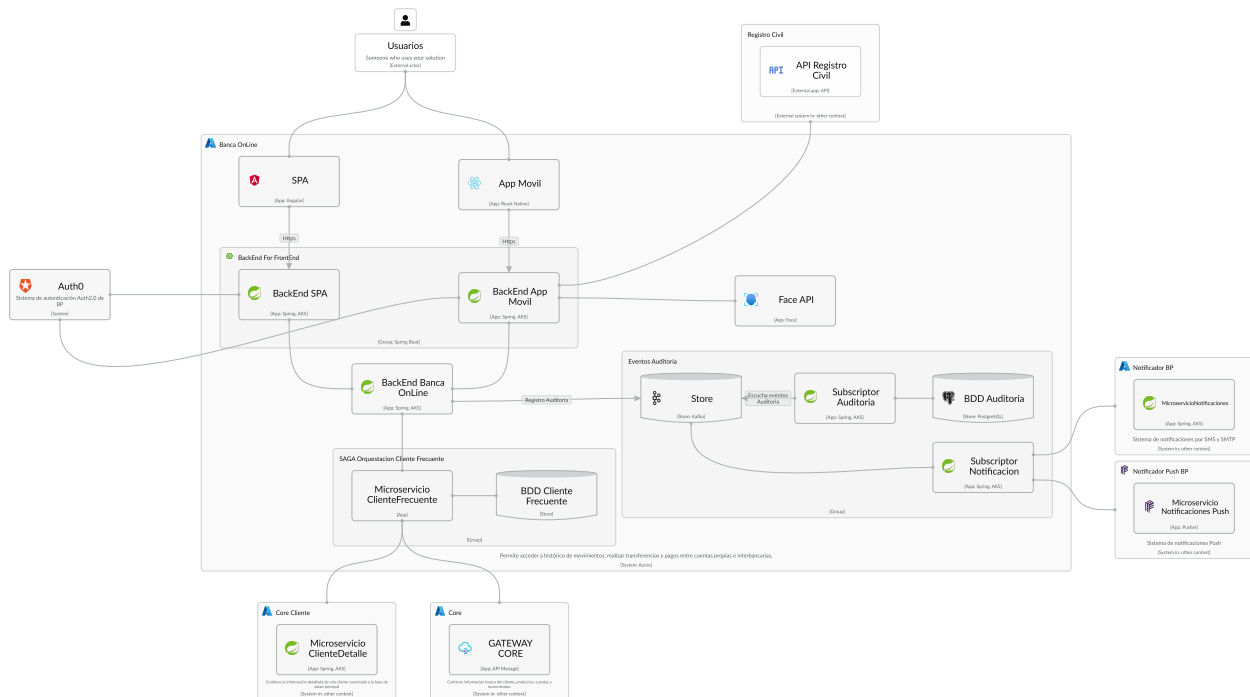

Context diagram in the Default domain domain.

2. App diagrams

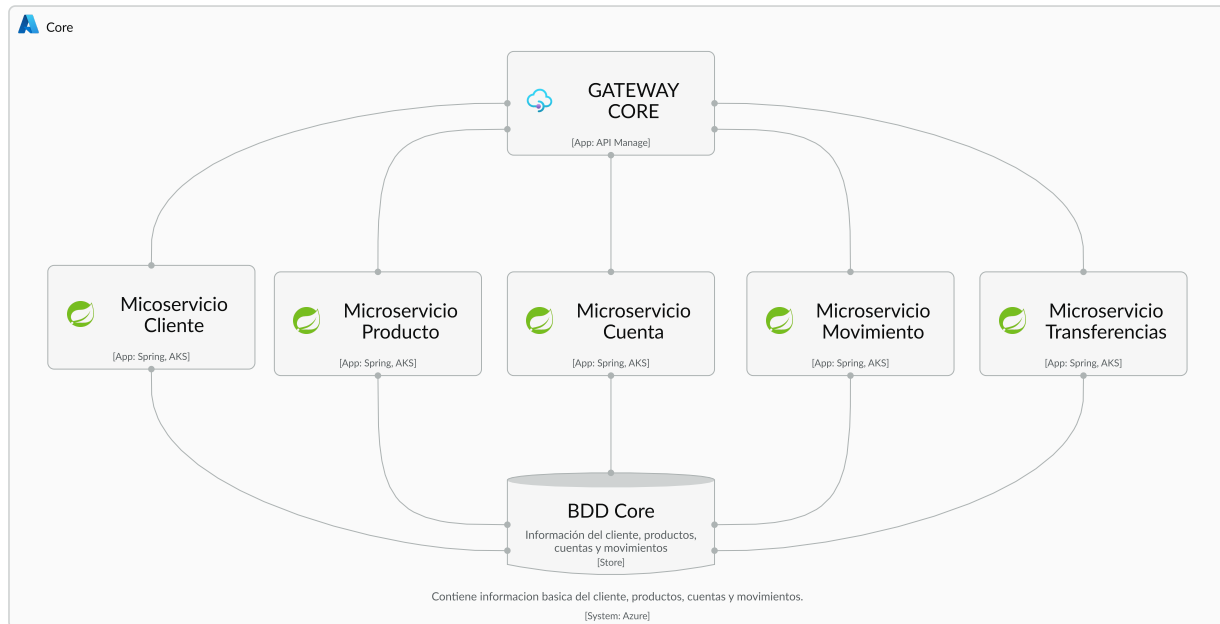

2.1. Banca OnLine App Diagram

Banca OnLine app diagram in the Default domain domain.

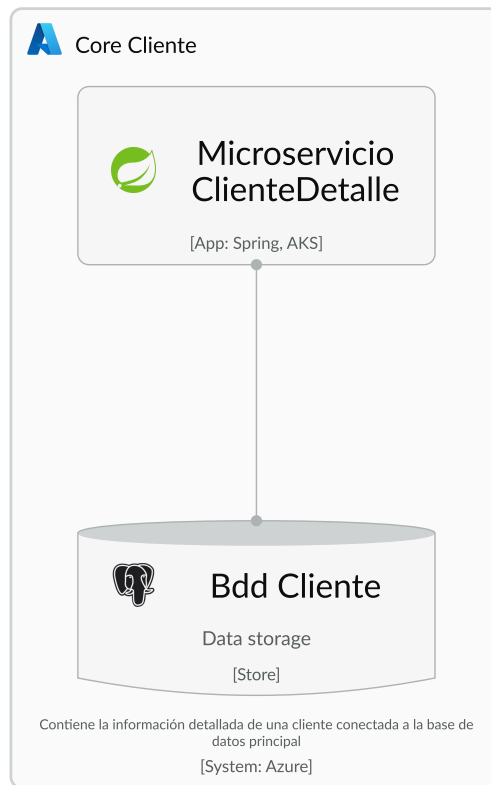

2.2. Core App Diagram

Core app diagram in the Default domain domain.

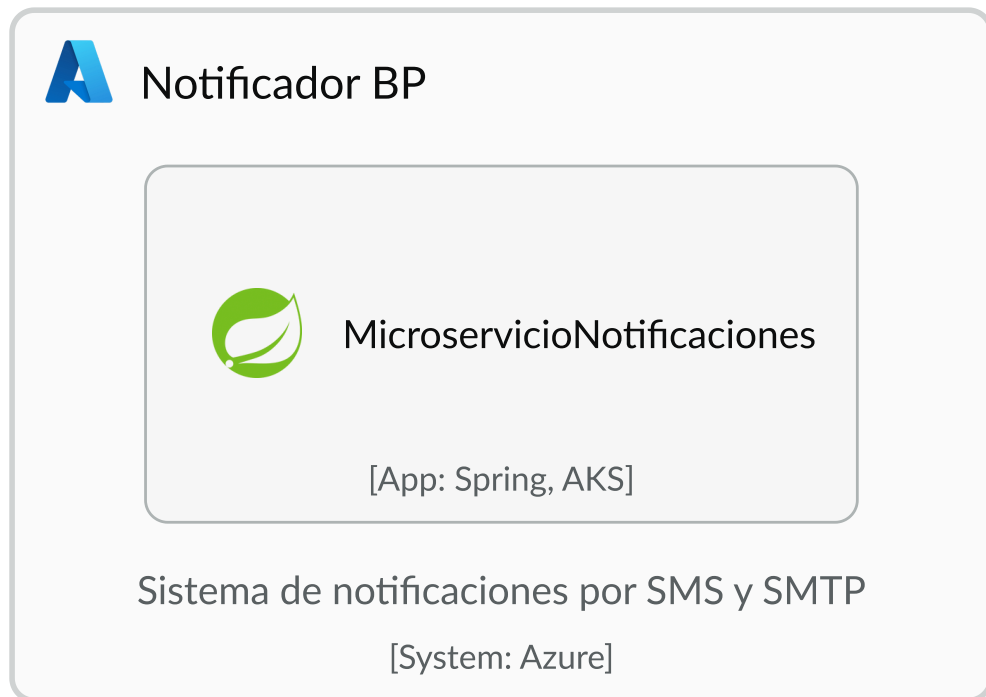

2.3. Core Cliente App Diagram

Core Cliente app diagram in the Default domain domain.

2.4. Notificador BP App Diagram

Notificador BP app diagram in the Default domain domain.

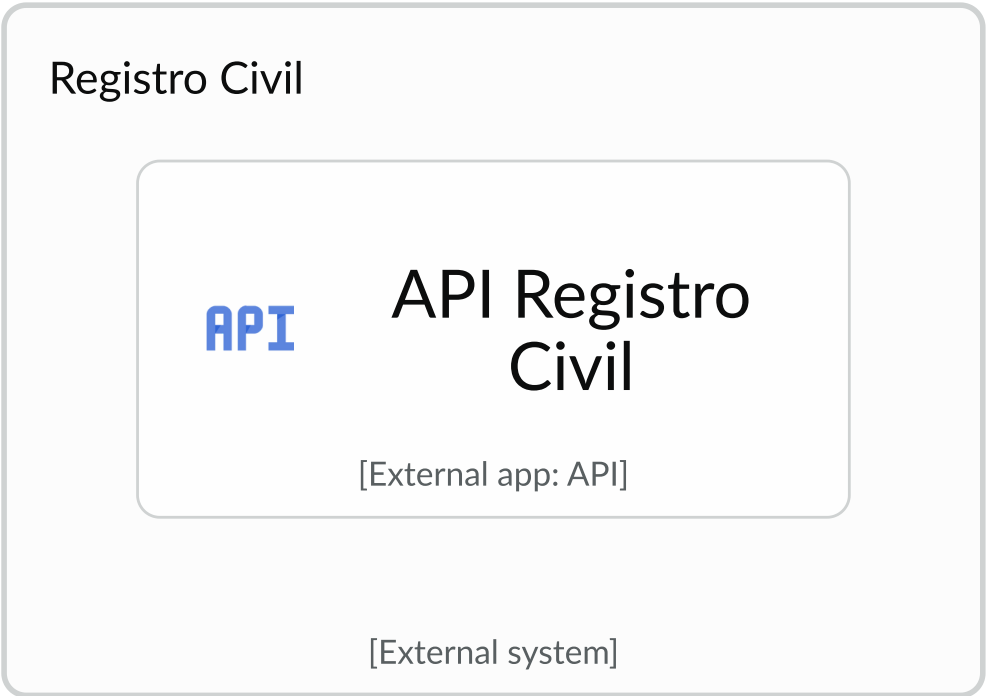

2.5. Notificador Push BP App Diagram

Notificador Push BP app diagram in the Default domain domain.

2.6. Registro Civil App Diagram

Registro Civil app diagram in the Default domain domain.

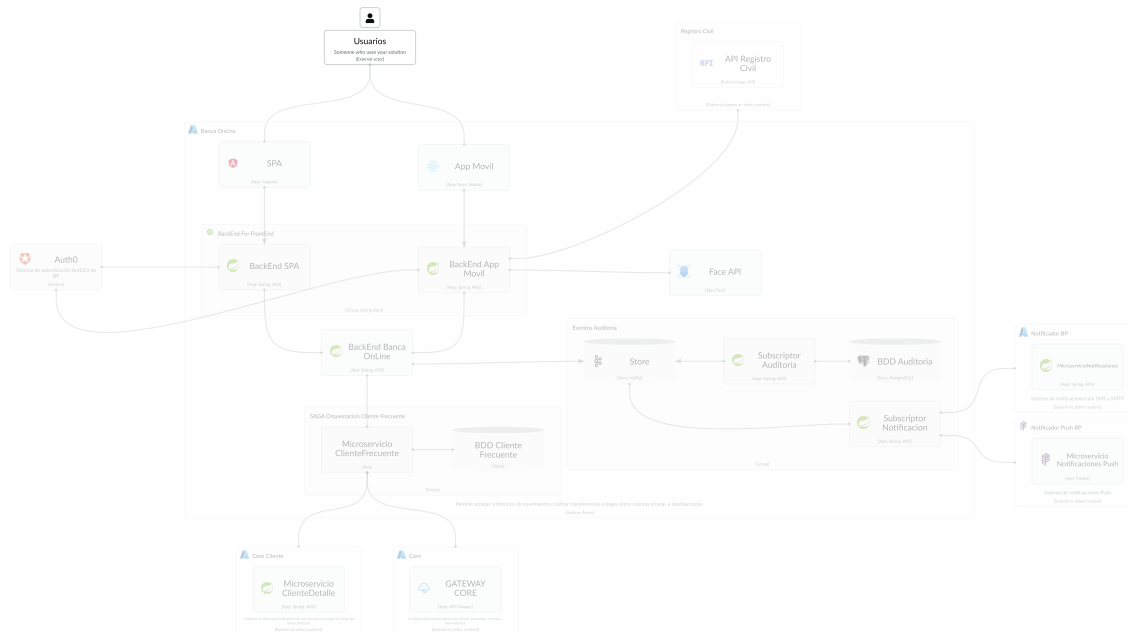

3. App diagram flows

3.1. New customer flow

App diagram flow shown on the Banca OnLine App Diagram diagram in the Default domain domain.

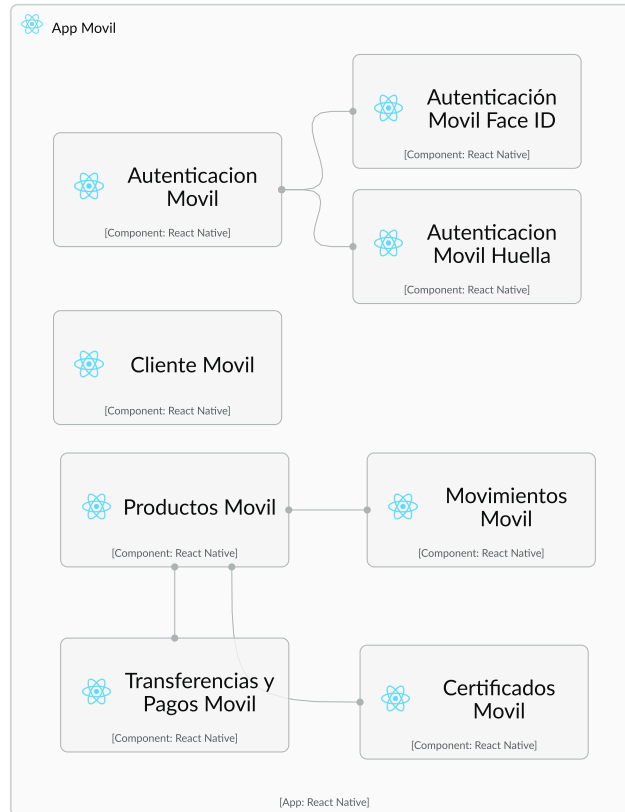

Steps:

4. Component diagrams

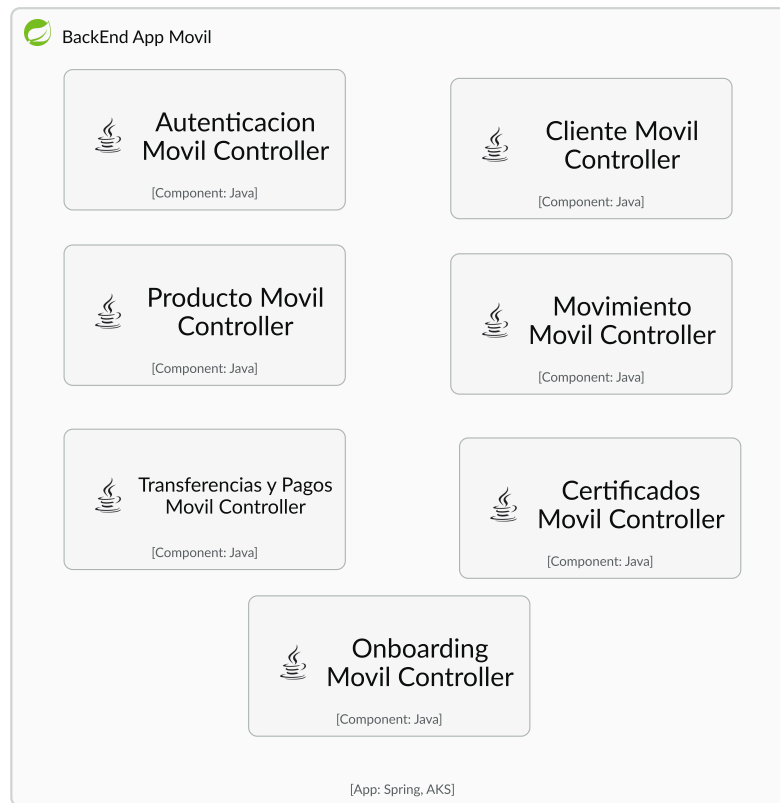

4.1. App Movil Component Diagram

App Movil component diagram in the Default domain.

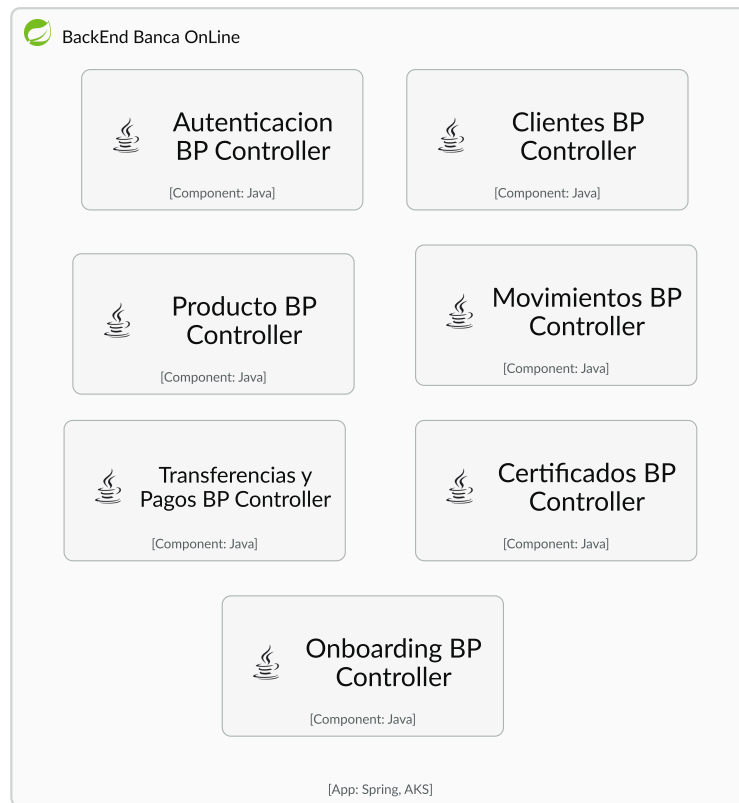

4.2. BackEnd App Movil Component Diagram

BackEnd App Movil component diagram in the Default domain domain.

4.3. BackEnd Banca OnLine Component Diagram

BackEnd Banca OnLine component diagram in the Default domain domain.

4.4. BackEnd SPA Component Diagram

BackEnd SPA component diagram in the Default domain domain.

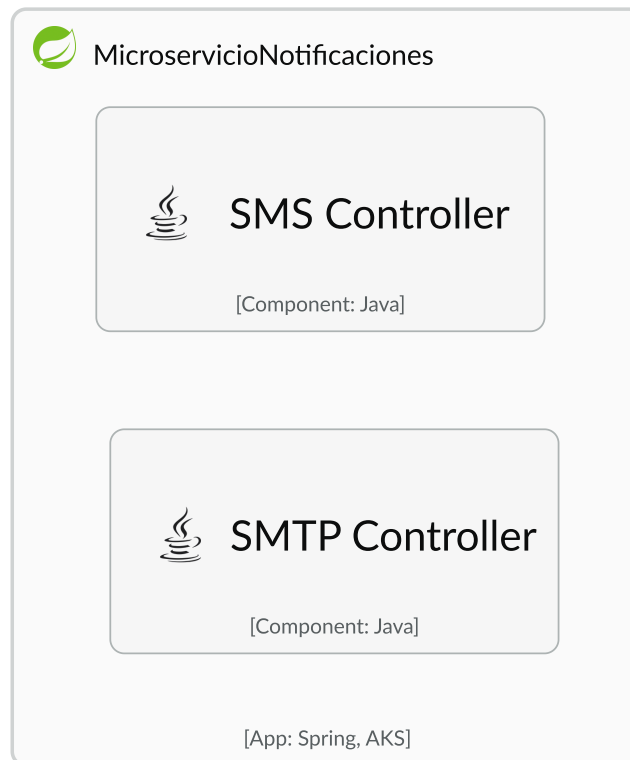

4.5. Microservicio ClienteFrecuente Component Diagram

Microservicio ClienteFrecuente component diagram in the Default domain domain.

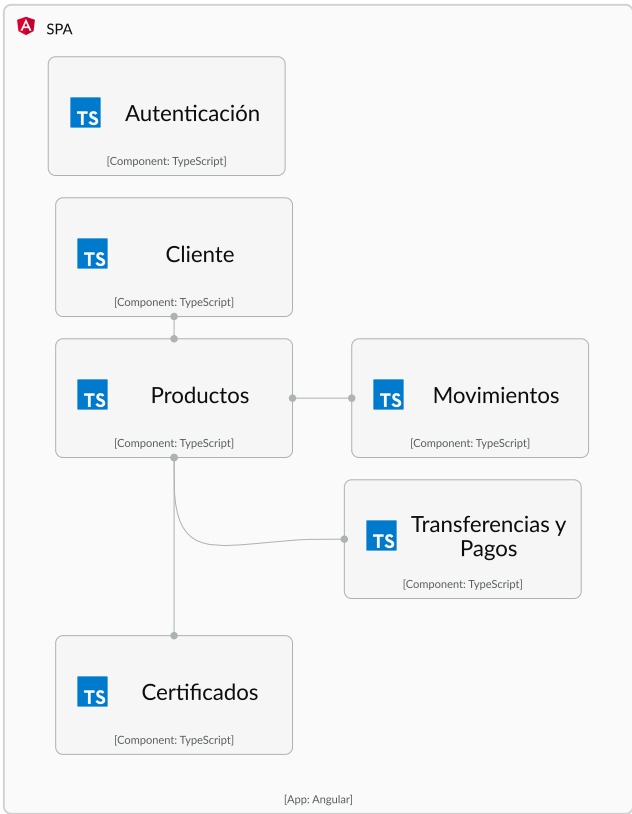

4.6. MicroservicioNotificaciones Component Diagram

MicroservicioNotificaciones component diagram in the Default domain domain.

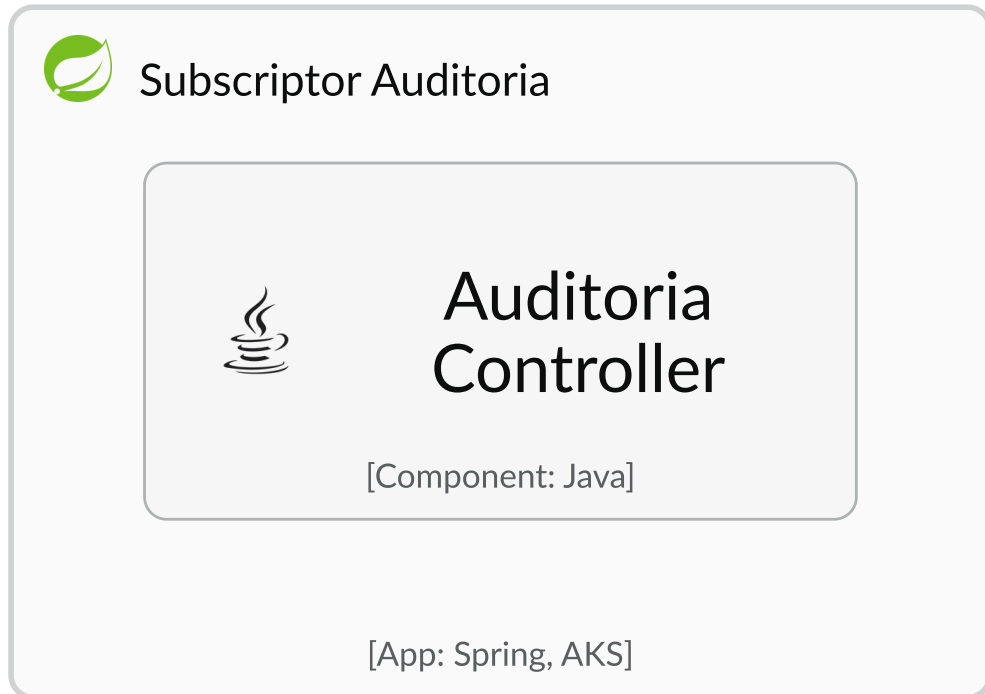

4.7. SPA Component Diagram

SPA component diagram in the Default domain domain.

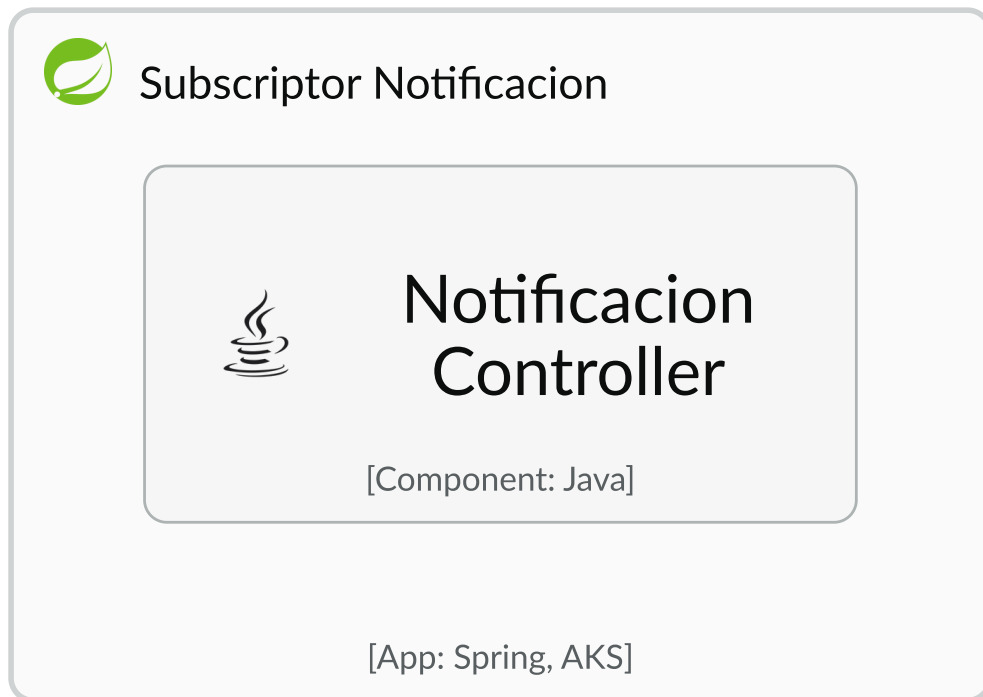

4.8. Subscriptor Auditoria Component Diagram

Subscriptor Auditoria component diagram in the Default domain domain.

4.9. Subscriptor Notificacion Component Diagram

Subscriptor Notificacion component diagram in the Default domain domain.

5. Actors

5.1. Usuarios

External actor in the Default domain domain.

Status: live

Someone who uses your solution

In diagrams:

- [Banca OnLine - Contexto](#)
- [Banca OnLine App Diagram](#)

In diagrams:

- [New customer flow](#)

6. Groups

6.1. BackEnd For FrontEnd

Internal group in the Default domain domain.

Status: live

Technologies:

- [Spring Boot](#)

In diagrams:

- [Banca OnLine App Diagram](#)

6.2. Eventos Auditoria

Internal group in the Default domain domain.

Status: live

In diagrams:

- [Banca OnLine App Diagram](#)

6.3. SAGA Orquestacion Cliente Frecuente

Internal group in the Default domain domain.

Status: live

In diagrams:

- [Banca OnLine App Diagram](#)

7. Systems

7.1. Auth0

Internal system in the Default domain domain.

Status: live

Sistema de autenticación Auth2.0 de BP

Technologies:

- [Auth0](#)

In diagrams:

- [Banca OnLine - Contexto](#)
- [Banca OnLine App Diagram](#)

7.2. Banca OnLine

Internal system in the Default domain domain.

Status: live

Permite acceder a histórico de movimientos, realizar transferencias y pagos entre cuentas propias e interbancarias,

Technologies:

- [Microsoft Azure](#)

In diagrams:

- [Banca OnLine - Contexto](#)
- [Banca OnLine App Diagram](#)

A brief description of your system

7.3. Core

Internal system in the Default domain domain.

Status: live

Contiene informacion basica del cliente, productos, cuentas y movimientos.

Technologies:

- [Microsoft Azure](#)

In diagrams:

- [Banca OnLine - Contexto](#)

- [Banca OnLine App Diagram](#)
- [Core App Diagram](#)

7.4. Core Cliente

Internal system in the Default domain domain.

Status: live

Contiene la información detallada de una cliente conectada a la base de datos principal

Technologies:

- [Microsoft Azure](#)

In diagrams:

- [Banca OnLine - Contexto](#)
- [Banca OnLine App Diagram](#)
- [Core Cliente App Diagram](#)

7.5. Notificador BP

Internal system in the Default domain domain.

Status: live

Sistema de notificaciones por SMS y SMTP

Technologies:

- [Microsoft Azure](#)

In diagrams:

- [Banca OnLine - Contexto](#)
- [Banca OnLine App Diagram](#)
- [Notificador BP App Diagram](#)

7.6. Notificador Push BP

Internal system in the Default domain domain.

Status: live

Sistema de notificaciones Push

Technologies:

- [Pusher](#)

In diagrams:

- [Banca OnLine - Contexto](#)
- [Banca OnLine App Diagram](#)
- [Notificador Push BP App Diagram](#)

7.7. Registro Civil

External system in the Default domain domain.

Status: live

In diagrams:

- [Banca OnLine - Contexto](#)
- [Banca OnLine App Diagram](#)
- [Registro Civil App Diagram](#)

8. Apps

8.1. API Registro Civil

External app in the Default domain domain.

Status: live

Technologies:

- [API](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [Registro Civil App Diagram](#)

8.2. App Movil

Internal app in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)
- [Banca OnLine App Diagram](#)

8.3. BackEnd App Movil

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In groups:

- [BackEnd For FrontEnd](#)

In diagrams:

- [BackEnd App Movil Component Diagram](#)
- [Banca OnLine App Diagram](#)

8.4. BackEnd Banca OnLine

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In diagrams:

- [BackEnd Banca OnLine Component Diagram](#)
- [Banca OnLine App Diagram](#)

8.5. BackEnd SPA

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In groups:

- [BackEnd For FrontEnd](#)

In diagrams:

- [BackEnd SPA Component Diagram](#)
- [Banca OnLine App Diagram](#)

8.6. core.bp

Internal app in the Default domain domain.

Status: live

Backend REST API

In diagrams:

- [New customer flow](#)

8.7. Face API

Internal app in the Default domain domain.

Status: live

Technologies:

- [Azure Face](#)

In diagrams:

- [Banca OnLine App Diagram](#)

8.8. GATEWAY CORE

Internal app in the Default domain domain.

Status: live

Technologies:

- [API Management Services](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [Core App Diagram](#)

8.9. Micoservicio Cliente

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)

- [Azure Kubernetes Service \(AKS\)](#)

In diagrams:

- [Core App Diagram](#)

8.10. Microservicio ClienteDetalle

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [Core Cliente App Diagram](#)

8.11. Microservicio ClienteFrecuente

Internal app in the Default domain domain.

Status: live

In groups:

- [SAGA Orquestacion Cliente Frecuente](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [Microservicio ClienteFrecuente Component Diagram](#)

8.12. Microservicio Cuenta

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In diagrams:

- [Core App Diagram](#)

8.13. Microservicio Movimiento

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In diagrams:

- [Core App Diagram](#)

8.14. Microservicio Notificaciones Push

Internal app in the Default domain domain.

Status: live

Technologies:

- [Pusher](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [Notificador Push BP App Diagram](#)

8.15. Microservicio Producto

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In diagrams:

- [Core App Diagram](#)

8.16. Microservicio Transferencias

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In diagrams:

- [Core App Diagram](#)

8.17. MicroservicioNotificaciones

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [MicroservicioNotificaciones Component Diagram](#)
- [Notificador BP App Diagram](#)

8.18. SPA

Internal app in the Default domain domain.

Status: live

Technologies:

- [Angular](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [SPA Component Diagram](#)

8.19. Subscriptor Auditoria

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In groups:

- [Eventos Auditoria](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [Subscriber Auditoria Component Diagram](#)

8.20. Subscriber Notificacion

Internal app in the Default domain domain.

Status: live

Technologies:

- [Spring](#)
- [Azure Kubernetes Service \(AKS\)](#)

In groups:

- [Eventos Auditoria](#)

In diagrams:

- [Banca OnLine App Diagram](#)
- [Subscriber Notificacion Component Diagram](#)

9. Stores

9.1. Store

Internal store in the Default domain domain.

Status: live

Technologies:

- [Apache Kafka](#)

In groups:

- [Eventos Auditoria](#)

In diagrams:

- [Banca OnLine App Diagram](#)

9.2. BDD Auditoria

Internal store in the Default domain domain.

Status: live

Technologies:

- [PostgreSQL](#)

In groups:

- [Eventos Auditoria](#)

In diagrams:

- [Banca OnLine App Diagram](#)

9.3. Bdd Cliente

Internal store in the Default domain domain.

Status: live

Data storage

In diagrams:

- [Core Cliente App Diagram](#)

In diagrams:

- [New customer flow](#)

9.4. BDD Cliente Frecuente

Internal store in the Default domain domain.

Status: live

In groups:

- [SAGA Orquestacion Cliente Frecuente](#)

In diagrams:

- [Banca OnLine App Diagram](#)

9.5. BDD Core

Internal store in the Default domain domain.

Status: live

Información del cliente, productos, cuentas y movimientos

In diagrams:

- [Core App Diagram](#)

10. Components

10.1. Auditoria Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [Subscriber Auditoria Component Diagram](#)

10.2. Autenticación

Internal component in the Default domain domain.

Status: live

Technologies:

- [TypeScript](#)

In diagrams:

- [SPA Component Diagram](#)

10.3. Autenticacion BP Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd Banca OnLine Component Diagram](#)

10.4. Autenticacion Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd SPA Component Diagram](#)

10.5. Autenticacion Movil

Internal component in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)

10.6. Autenticacion Movil Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd App Movil Component Diagram](#)

10.7. Autenticación Movil Face ID

Internal component in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)

10.8. Autenticacion Movil Huella

Internal component in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)

10.9. Certificados

Internal component in the Default domain domain.

Status: live

Technologies:

- [TypeScript](#)

In diagrams:

- [SPA Component Diagram](#)

10.10. Certificados BP Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd Banca OnLine Component Diagram](#)

10.11. Certificados Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd SPA Component Diagram](#)

10.12. Certificados Movil

Internal component in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)

10.13. Certificados Movil Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd App Movil Component Diagram](#)

10.14. Cliente

Internal component in the Default domain domain.

Status: live

Technologies:

- [TypeScript](#)

In diagrams:

- [SPA Component Diagram](#)

10.15. Cliente Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd SPA Component Diagram](#)

10.16. Cliente Frecuente Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [Microservicio ClienteFrecuente Component Diagram](#)

10.17. Cliente Movil

Internal component in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)

10.18. Cliente Movil Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd App Movil Component Diagram](#)

10.19. Clientes BP Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd Banca OnLine Component Diagram](#)

10.20. Movimiento Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd SPA Component Diagram](#)

10.21. Movimiento Movil Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd App Movil Component Diagram](#)

10.22. Movimientos

Internal component in the Default domain domain.

Status: live

Technologies:

- [TypeScript](#)

In diagrams:

- [SPA Component Diagram](#)

10.23. Movimientos BP Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd Banca OnLine Component Diagram](#)

10.24. Movimientos Movil

Internal component in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)

10.25. Notificacion Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [Subscriber Notificacion Component Diagram](#)

10.26. Onboarding BP Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd Banca OnLine Component Diagram](#)

10.27. Onboarding Movil Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd App Movil Component Diagram](#)

10.28. Producto BP Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd Banca OnLine Component Diagram](#)

10.29. Producto Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd SPA Component Diagram](#)

10.30. Producto Movil Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd App Movil Component Diagram](#)

10.31. Productos

Internal component in the Default domain domain.

Status: live

Technologies:

- [TypeScript](#)

In diagrams:

- [SPA Component Diagram](#)

10.32. Productos Movil

Internal component in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)

10.33. SMS Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [MicroservicioNotificaciones Component Diagram](#)

10.34. SMTP Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [MicroservicioNotificaciones Component Diagram](#)

10.35. Transferencias y Pagos

Internal component in the Default domain domain.

Status: live

Technologies:

- [TypeScript](#)

In diagrams:

- [SPA Component Diagram](#)

10.36. Transferencias y Pagos BP Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd Banca OnLine Component Diagram](#)

10.37. Transferencias y Pagos Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd SPA Component Diagram](#)

10.38. Transferencias y Pagos Movil

Internal component in the Default domain domain.

Status: live

Technologies:

- [React Native](#)

In diagrams:

- [App Movil Component Diagram](#)

10.39. Transferencias y Pagos Movil Controller

Internal component in the Default domain domain.

Status: live

Technologies:

- [Java](#)

In diagrams:

- [BackEnd App Movil Component Diagram](#)
